

## EERA-Bioenergy Workshop

### “Algae for Bioenergy and Bioproducts”

ENEA office, Rue de Namur, 72, 1000 Brussels  
September 13<sup>rd</sup>, 2016

## Agenda

### CLOSED WORKSHOP FOR EERA-BIOENERGY MEMBERS AND INVITED KEY-NOTE SPEAKERS

**09.00 – 09.30** *Coffee, registration and welcome*

**09.30 – 09.45** **General Information about EERA-Bioenergy** (Juan Carrasco)

**09.45 – 10.00** **Round-table presentation** in a few sentences (more information will be presented and printed as a word document if sent to EERA-Bioenergy prior to the event)

**10.00-12.45** **Current Status of Algae Research in Europe** - key-note presentations (15 min/each plus 10 min discussion)

#### MICROALGAE RESEARCH & CHALLENGES:

- **Zouhayr Arbib** (FCC Aqualia, SA, Spain) – Presentation of EU FP7 ALL-GAS project
- **Diana Fonseca** (Algafuel, Portugal) – Presentation of EU FP7 BIOFAT project
- **Francisco Ación** (UAL, Spain) – Presentation EU H2020 SABANA project

**11.15 – 11.30** *Coffee break*

#### MACROALGAE RESEARCH & CHALLENGES:

- **Anne-Belinda Bjerre** (DTI, Denmark) – Presentation of EU H2020 MACROALGAE project
- **Michelle Stanley** (Scottish Marine Institute, Scotland) – Macroalgal research – achievements and challenges linked to cultivation
- **Jon Funderud** (CEO of Seaweed Energy Solutions, AS, Norway) – The Macroalgae industry in Europe – status, opportunities and research needs

**12.45-14.00** *Lunch & Networking*

**14.00-15.00 Pressure cooker Session 1 – Aligning Algae Research within EERA-Bioenergy JP.** Inputs and suggestions from the workshop participants about the main drivers for Algae research within EERA-Bioenergy members.

**15.00-16.30 Pressure cooker Session 2 – Generating ideas for current H2020 and/or BBI 2016/2017 calls and identifying “Project promotors”.** (If necessary, group discussion can be split into 2 groups: micro-algae and macro-algae)

**16.30-16.45** *Coffee*

**16.45-17.00** Next steps and Closing the meeting
